

Gary Keith Middaugh

Running for Commissioner PCT 2

I have lived in Hutchinson County my entire life. I grew up in Stinnett and moved to Fritch in 1965. I raised my family here and I continue to live here because of the people. This county is full of honest, hard working, friendly people who are there for their neighbors when needed. Those are the type of people who build good communities.

I owned and operated my own business for 30 years (Gary's Phillips 66 Station). I worked for Natural Gas Pipeline for 8 years and have been a Hutchinson County Employee for almost 10 years. My parents were county residents, pastoring churches in Stinnett and Fritch. I've raised 4 daughters here. My wife and I are employees of the Sheriff's Department and we enjoy our life and time working in Hutchinson County.

A commissioner is responsible for making business decisions for the county government. As a former business owner, I am familiar with budgeting and overseeing employees. Being a county employee, I have had the opportunity to work with other county employees and know their needs.

Caring and an open mind are important qualities for this job. I will listen to what people have to say. Although I may not always agree, I will hear what you have to say. I am here to represent the people of my precinct, and I should always remember that. I realize that the decisions I make affect other people's lives.

I Can
I Will
I Want
To Serve the People
